35 oz. SkinnySleeve top weight Sched 80 only						X sched 80	X sched 80	X sched 80		
64 oz SuperSleeve top weight Sched 40 only									X	

IMPORTANT NOTES:

A bottom weight must be used in conjunction with any top weight.

When using armored HydraSleeves, please choose at least 1 level heavier than the minimum bottom weight.

***If using a PVC Collar with the SuperSleeves or SkinnySleeves a minimum of 8 ounce bottom weight should be used**

Please call or email for weight recommendations when using two or more HydraSleeves on one tether.
