<a href="#">24 oz SuperSleeve top weight Sched 40 only</a>						X sched 40	X sched 40	X sched 40		
<a href="#">35 oz. SkinnySleeve top weight Sched 80 only</a>						X sched 80	X sched 80	X sched 80		
<a href="#">64 oz SuperSleeve top weight Sched 40 only</a>									X	

### IMPORTANT NOTES:

**A bottom weight must be used in conjunction with any top weight.**

**When using armored HydraSleeves, please choose at least 1 level heavier than the minimum bottom weight.**

**\*If using a PVC Collar with the SuperSleeves or SkinnySleeves a minimum of 8 ounce bottom weight should be used**

Please call or email for weight recommendations when using two or more HydraSleeves on one tether.
